New York Stock Market

Ney York, January 8.—A small bear raid with Union Pacific as the especial object of attack depressed stocks for a time after trading began to-day. Transactions were on a fairly large scale, and Union Pacific was forced down nearly two points. Reading, Lehigh Valley, United States Steel and a number of other stocks lost a point or more. After an hour of activity and falling prices the market became steady and trading diminished. During the remainder of the day the tone was stronger.

The slow, dragging movement and lack of speculative interest were disappointing to traders, who hoped for a recover from last week's duliness and seemed to make more remate the prospects of an active speculative market.

The street is now experiencing a mild reaction from the recent outburst of optimism. Expectations of a decided chunge for the better in the near future were based on indications of a material improvement in general business conditions.

The continued lack of demand for money of business we caused a de-

material improvement in general business conditions.

The continued lack of demand for money of business use caused a decline in rates and increasing competition for the limited supply of mercantile paper. In some instances prime paper was placed as low as three and one-half per cent. Institutions which usually employ large amounts in this way were forced to turn to other investments, with the result that there was a keene demand for some high grade bonds.

The steady selling of Union Pacific made it the feature of the day in the stocks, although the source of the selling remains a matter of conjecture.

WATCH IS DRIVEN INTO MAN'S BODY

Suffolk, Va., January S.—With a watch driven into his body by a charge of gun shot, and the outer walls of his stomach, and the outer walls of his stomach, and the outer walls of his stomach inches, forn open for several inches, Charles E. Reuntree, a former policeman, still lives, and surgeons say he had a claunce to recover. Rountree and Solomon Sullivan were tracking rabbits in the snow to-dny, and chosed the wounded quarry from a bunch of neutree, only a few feet away. The timeplece and gun shot were imbedded in Rountree and gun shot were imbedded in Rountree shody. Surgeons extracted everything except a small portion of the watch crystal. Every gun shot apparently struck the watch.

In Nansemond Circuit Court to-day John Jones, a pickpocket, who followed circuis crowds, was given two years in the State prison.

Fivery member of the local Teachers' Association to-day signed petitions to Senator West and Delegate Brewer asking for the passage of a oill by the General Assembly previding that teachers be paid full salaries for time lost by illness. It is pointed out by the teachers that no deduction is made from the salaries of the gehoof superintendents or the assemblymen themselves.
